Haslingfield Endowed Primary School

Child friendly Safeguarding policy

Written by the school council in November 2023

Updated October 2026

Safeguarding means that all staff will:

- Help us when we need it.
- Protect us from harm.
- Make sure we are being safely looked after at school and home.
- Look after us when we are hurt.
- Listen to us when we need them.
- Regularly check our class chatterbox

If we need to talk:

- We can talk to **any trusted adult** in school and they will listen to us.
- We can talk to Miss Peck who is our school DSL and Mr Boyd and Mrs Davies.
- We can use our class chatterbox if we don't think we can speak to an adult in school.
- We can talk to our adults at home.
- We can also phone ChildLine who will listen to us and give us help and advice.

Keeping us safe:

- We have first aid bags in every classroom which are in a cupboard with a picture of a first aid kit on.
- We have fire extinguishers around the school and practise what to do when we hear the fire alarm.
- We practise our lockdown procedure to help keep us safe. We might need to use it if the adults need to check that a person near our school is safe, or if something unusual happens, such as a wild animal coming onto the school grounds.
- We have high school gates that are kept closed and locked. Only some trusted grown-ups know the code.
- Everyone in our school wears lanyards. Green means that they work in our school, Yellow means they are a safe visitor and red means they are not allowed to be alone and have to be with a grown up with a yellow or green lanyard.
- When you come into our school you have to sign in so we know who is here and whether they are a trusted adult.
- We learn about how to keep safe online in our e-safety and computing lessons.
- In our PSHE lessons we learn about how to keep ourselves healthy, safe and happy.
- We have weekly My Happy Mind sessions to help us look after our minds and wellbeing. We learn what we can do if we are feeling sad, worried or upset.
- We learn about our SPARKLE values in our assemblies. Safety is our first school value and is incredibly important to us.
- We take a register in the morning and afternoon to check who is in school and who isn't.
- There are adults on the playground at playtime and lunchtime to keep us safe- they wear pink hi-vis jackets so that they can be clearly seen.
- There are rules that we need to follow to keep us safe.

Tell someone if someone is:

- Bullying you
- Saying things to you that upset you or make you feel uncomfortable.
- Touching you.
- Hitting you or hurting you.
- Taking your things.
- Sending unkind messages on the internet or to your phone.
